You are invited to join our club, **Corvettes of PA**. You'll notice that our motto is "Corvettes, Friends and Fun Since 1971". This phrase accurately describes our club and its members. This club provides you with many opportunities to enjoy your Corvette. -We are certain you will soon realize that we are more about socialization and friendships, and that we do not just gather to just discuss our Corvettes. We take great pride in being an active year-round club with members participating in many activities. For instance, in 2019, our members participated in 39 activities/events. This does not include our monthly meetings and breakfasts. In addition to the many Corvette related events, we also participate in fun social events, such as bowling, miniature golf, ziplining, train rides, museum tours, and breakfasts that allow us to have fun and get to know each other as individuals better.

Our monthly meetings are held January through November, where we keep members informed about the club and solicit input from our members. In addition, we have a monthly newsletter, website, and a Facebook site.

We are also proud to give back to the community through donations to local charities and participation in local high school home-coming parades and community parades.

We look forward to you joining and seeing you at our meetings and events. For your information, below are 2019 events that we either held, participated in or attended.
